The **Hudson River Environmental Society**  
presents...

## What's in our Water?

A conference exploring pharmaceuticals, personal care products, and sewage from storm overflows that are entering the Hudson River. Find out what we know about these contaminants, join a conversation to determine what we should do about their continued presence in our waterways.

**Speakers include:**

Tyrone Hayes, **UC Berkeley**

Emma Rosi-Marshall, **Cary Institute of Ecosystem Studies**

David Skelly, **Yale University**

John Lipscomb, **Riverkeeper**

Andy Juhl, **Lamont Doherty Earth Observatory**

Lloyd Wilson, **Department of Health, NYS**

Simon Litten, Jim Tierney, Resa Dimino, Ken Kosinski & Cheryle Webber, **DEC**

Anne Ernst & Patrick Phillip, **USGS**

Bruce Brownawell, **SUNY Stonybrook**

Vassar College, Poughkeepsie, NY Student Building

8:30am-4:30pm
